CS-188A PC Case

w/o PSU, RoHS

Features

- High class design with scratch proof rubber coating in front
- Blue illuminated Aplus logo
- Blue LEDs for hard disk access and power on
- Blue illuminated adjustable 250 mm fan in the side door
- Totally 11 drive bays for a lot of different configurations
- 2 x USB 2.0 connectors in the front panel
- 2 x audio connectors in the front panel
- 120 mm, 92 mm oder 80 mm fans mountable in the back (optional)
- 120 mm, 92 mm oder 80 mm Lüfter optional in the front to cool down the internal hard disk bays
- RoHS compliant

The 188A case is a nice price computer case with a lot of nice features like 2 x USB 2.0 and audio ports in the front panel. The high value design with scratch proove rubber coating in the front is also very interesting for system integrators. You can save a very expensive and difficult to install water cooling system, also no maintenance. The internal drive bays can be cooled down by an optional 120, 92 or 80 mm fan in the front. You can use the same cooling configuration in the backside as well to additonally cool all components. The front of the 188A is having a door and a beautiful silk skin with acrylic parts design.
